## PROFILE

Motivated and detail-oriented Frontend Developer skilled in HTML5, CSS3, JavaScript, and responsive design. Built multiple personal projects, including an Amazon UI Clone and a modern portfolio website. Commerce graduate with a strong grasp of user-focused design and business needs. Quick learner passionate about building intuitive and scalable web applications.

## EDUCATION

Indira Gandhi National Open University  
**Bachelor of Commerce**

Delhi, India  
2020 – 2024

## SKILLS

**Languages & Technologies:** HTML5, CSS3, JavaScript, React.js, Bootstrap, PHP, WordPress.

**Tools & Platforms:** Git, GitHub, VS Code, GitHub Pages, Figma (for UI design).

## CERTIFICATIONS

- Web Development Certification – MTI, April'25 ([View Certificate](#))

## EXPERIENCE

Frontend Developer (Personal Projects)

July 2024– Present

Started with limited knowledge and gradually built real-world frontend skills through practice, debugging, and learning from online resources and Web institute classes. Took on challenging UI projects to strengthen problem-solving and web development abilities. Built responsive, functional UIs with a focus on user experience and clean code.

- Developed a complete Amazon UI Clone using HTML, CSS, and JavaScript.
- Faced and solved layout and responsiveness issues through hands-on learning.
- Used Git & GitHub for version control and hosted the live project on GitHub Pages.
- Focused on mobile-first design, browser compatibility, and clean project structure.

## PROJECTS

**Amazon UI Clone** [Live Demo](#) | [Source Code](#)

HTML5, CSS3, JavaScript, GitHub Pages

July 2024– Present

- Developed a fully responsive UI clone of Amazon's core pages including homepage, product listing, cart, sign-in, and sign-up pages.
- Implemented clean layout design with reusable components and intuitive navigation.
- Used JavaScript for dynamic interactions like form handling and product detail linking.
- Deployed using GitHub Pages and maintained source code with Git version control.

**Personal Portfolio website** [Live Demo](#) | [Source Code](#)

HTML5, CSS3, JavaScript, Responsive Design

05/25 – 06/25

- Designed and developed a modern personal portfolio to showcase projects and skills.
- Implemented smooth scrolling, section-based layout, and responsive design for mobile and desktop views.
- Integrated GitHub project links and contact form to enhance interactivity.
- Focused on clean UI, consistent branding, and accessibility.
